WORK EXPERIENCE

CarWale

Associate Software Development Engineer

Mumbai, India

Jul/2021 - Present

· CarTrade New Cars team:

- Building the user reviews section
- Worked on an **API which would sync user reviews** of previous PHP codebase with the current .NET codebase

CarWale

Associate Software Development Intern

Mumbai, India

Jan/2021 - Jun/2021

· CarTrade New Cars team:

- Involved in codebase migration from **PHP to .NET** of CarTrade's editorial section
- Worked on Colours, Content listing and Content details page (desktop, msite and AMP), **created adapters** which consumes data from microservices, processes it and passes it to the controllers and **worked on cookies** which handle location data for CarWale and CarTrade websites
- **Communicated with the product owner and design team** to understand the product, SEO and design requirements
- **Fixed the bugs** which were reported by the UAT team

· Hacktivate 3.0 - Synthesis:

- CarWale's annual hackathon. My team's topic was TRAI SMS template system
- **Created a paginated dashboard** and **developed a new endpoint** in Templates microservice which fetches metadata of the existing templates

· CarWale Prices team:

- Integrated BikeWale related operations into **5** CarWale operation panels. Each panel serves an **unique** purpose
- Involved in **modification of UI, refactoring/creating endpoints** in Prices microservice using gRPC and **data consumption** from other microservices

· **Technologies Used:** .NET, gRPC, MySQL, HTML/CSS/JS

PERSONAL PROJECT

Clustering Visualizer

clustering-visualizer.vercel.app

Jun/2021

- A canvas animation project which helps to visualize **K Means**, **K Medoids** and **DBSCAN** algorithms
- **Technologies Used:** Next.js, Redux, Typescript

SKILLS

Java, .NET, MySQL, Web Development, Communication skills

EDUCATION

Sardar Patel Institute of Technology, Mumbai

B.Tech, Computer Engineering, 8.51 CGPA

2017 - 2021
